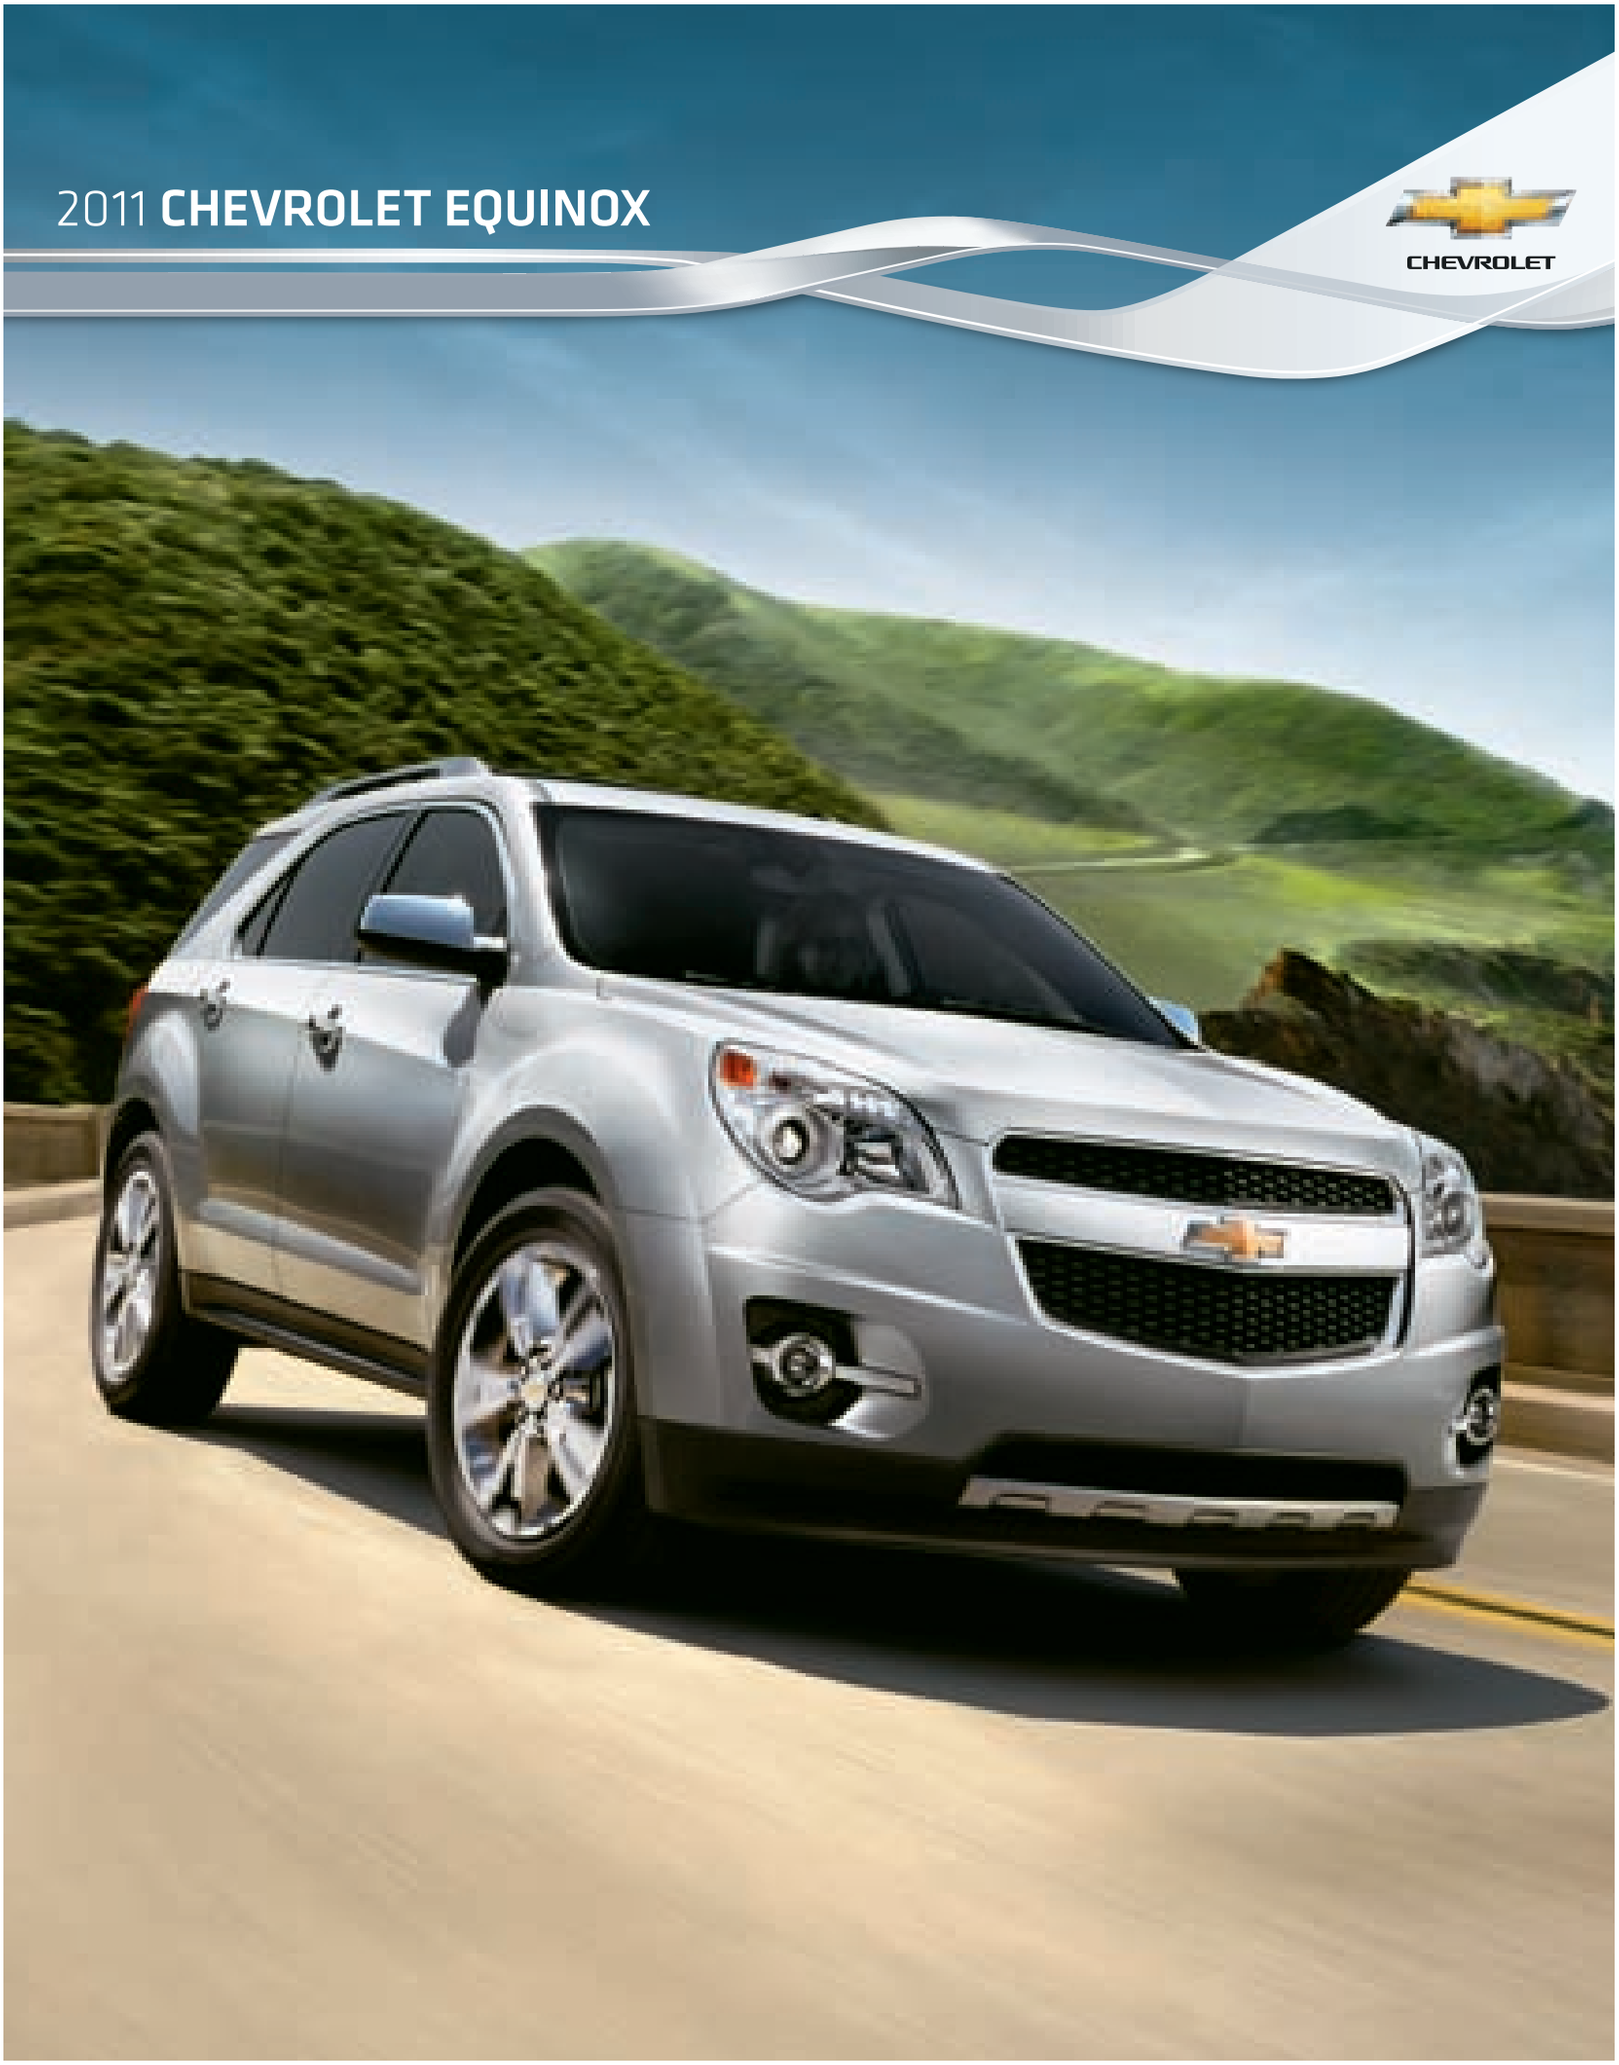
2011 **CHEVROLET EQUINOX**

CHEVROLET



PLAY BY YOUR OWN SET OF RULES.

The boundaries have shifted – to your advantage, by pushing the limits with an expressive design, invigorating performance and a remarkable 6.1 L/100 km highway fuel consumption rating. That's better than Toyota RAV4, Honda CR-V– even the Ford Escape Hybrid.* Add to that a spacious cargo area with 1803 L (63.7 cu. ft.) of storage. And advanced driver control technology, including StabiliTrak®, in addition to an available active All-Wheel-Drive system. Plus a comprehensive safety package that includes OnStar®** and its Automatic Crash Response. It's everything the compact crossover was meant to be – with the accolades to back it. The 2010 Equinox earned a coveted Consumers Digest Best Buy award and Ward's named the standard 2.4L ECOTEC 4-cylinder one of their 10 best engines for 2010. Are you ready to enter a world of new possibilities? The 2011 Chevrolet Equinox.

* 2011 Chevrolet Equinox FWD equipped with standard 2.4L ECOTEC I-4 engine fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Competitive fuel consumption ratings based on Natural Resources Canada's 2010 Fuel Consumption Guide. Your actual fuel consumption may vary.

** Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency providers.

Equinox LTZ, shown in Silver Ice Metallic.

CHEVROLET

Equinox LTZ instrument panel, shown in Brownstone with available equipment.

THE TONE IS SET.

When you take your seat inside Equinox, many things become apparent. The first is how the design supports your enthusiasm for driving, with its sporty dual cockpit configuration. You can use the standard power driver's height and lumbar adjusters to find your optimal driving position. Settle in and the next impression is one of a high level of refinement. You can literally see Equinox's stylish luxury in something as simple as the blue ambient lighting, which not only sets a rich tone for the interior, it also makes it easier to see inside in low-light conditions. All that is left is the added satisfaction when you place Equinox in gear and feel its unique brand of performance. The design sets the tone. You set the pace.

The ambient blue lighting illuminates the interior – even in the cupholders, making them easier to find when you're driving.

REAL FLAIR. REAL LUXURY.

Comfort and style don't simply co-exist inside Equinox; they thrive. A high level of thoughtfulness is evident even before you enter the interior. The doors are designed with an easy step-over entry that not only improve access – they also help keep your clothes from getting dirty – allowing you to arrive in style. Comfort is also of a very high calibre, enhanced by the automatic climate control on LT and LTZ models that enables you to simply select a desired temperature that the system maintains continuously. Travel in comfort and style – in Equinox they come together harmoniously.

The interior is remarkably quiet, thanks to features like acoustic laminated glass, in addition to triple door seals and numerous sound dampening measures.

Perforated leather-appointed seating surfaces are included in LTZ and available in 2LT models. Another luxurious detail is provided by the seats' contrasting colour stitching.

Equinox LTZ interior, shown in Brownstone with available equipment.

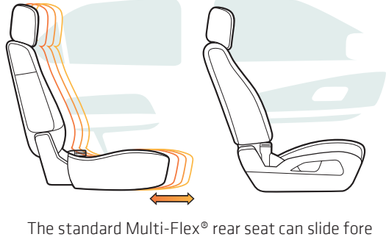
The available Rear Seat Entertainment System includes dual 203 mm (8 in.) flip-up screens mounted on the front seatbacks. These screens can display multiple inputs, such as DVD movies and video games, and are adjustable for comfortable viewing.

OPEN WIDE. OR WIDER.

It isn't only the cargo capacity of Equinox that's impressive – with 1803 L (63.7 cu. ft.) of space when the rear seats are folded down; it's also the utility of the cargo area, and the invitation it gives you to take full advantage of it. A good place to start is the available power rear liftgate – a feature you won't find on Toyota RAV4, Honda CR-V, or Ford Escape.* It can be opened fully, or it can be programmed to stop at a specific height to prevent it from hitting the ceiling of a garage. The versatility of Equinox is also demonstrated by the abundance of handy storage areas and the increased flexibility of the Multi-Flex® rear seat. The possibilities are wide open.

* Based on latest competitive 2010 Model Year information available at time of printing.

The available power rear liftgate is programmable, enabling you to set how high it opens, to avoid obstacles overhead.



The standard Multi-Flex® rear seat can slide fore and aft up to 200 mm (7.9 in.) to increase legroom, contributing to rear-seat passenger comfort.

Equinox features 10 separate storage areas, including a deep front centre console that's large enough to store a laptop, and compartments behind the rear-seat doors. The available Cargo Management Package shown here adds a cargo area security shade, cargo convenience net and roof rack crossbars.

OFF THE LINE AND RIGHT ON TRACK.

Equinox gets you off the line with authority, thanks to the standard 182 horsepower 2.4L ECOTEC 4-cylinder engine. Even more assertive off the mark is the available 264 hp 3.0L V6. Both engines incorporate the latest engine technologies, such as Direct Injection and Variable Valve Timing (VVT) to not only optimize power output, but also fuel efficiency. And both engines are mated to a six-speed automatic transmission for further fuel efficiency gains. Driver control is equally commanding thanks to standard features like StabiliTrak – in addition to a technologically advanced active All-Wheel-Drive system on AWD models. It meets the challenges of driving in the wide range of conditions encountered on Canadian roads. Looking for legitimate performance from a crossover? You're on the right track with Equinox.

Equinox LTZ, shown in Mocha Steel Metallic.

The 2.4L engine is combined with a version of the six-speed automatic transmission that includes an **eco** button. It allows you to drive in the most fuel efficient mode possible for city driving, producing a city rating of just **9.2 L/100 km**.* On the highway, the combination produces a **6.1 L/100 km** rating,* resulting in a highway **driving range of up to 1100 km** – that's hundreds of kilometres more than Toyota RAV4, Honda CR-V or Ford Escape Hybrid.*

* 2011 Chevrolet Equinox FWD equipped with standard 2.4L ECOTEC I-4 engine fuel consumption ratings based on GM testing in accordance with approved Transport Canada test methods. Competitive fuel consumption ratings based on Natural Resources Canada's 2010 Fuel Consumption Guide. Your actual fuel consumption may vary.

A DIFFERENT WAY OF LOOKING AT SAFETY.

Real safety requires a comprehensive understanding of the types of hazards you may encounter – and then solutions are engineered to help keep you out of harm's way. In Equinox, a good example of this approach is provided by the available ultrasonic rear parking assist and rearview camera system that together help make you aware of objects behind you when you are in reverse. Equinox is also equipped with enhanced driver control technology, including standard features like traction control, StabiliTrak with trailer sway control and rollover mitigation. Occupant protection is bolstered by six standard air bags and the use of high-strength steel in the safety cage construction that surrounds the passenger compartment.* And there's the added reassurance of OnStar's** Automatic Crash Response. Equinox – it's engineered and equipped to look out for you.

* A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

** Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency providers.

STABILITRAK
StabiliTrak compares your steering input with the vehicle's actual track, intervening automatically whenever it detects a loss of lateral traction (sideslip), understeer (plowing) or oversteer (fishtailing). It helps return Equinox to your intended line by incrementally applying an individual brake and if necessary, by reducing engine torque. This electronic stability control system features rollover mitigation and trailer sway control. StabiliTrak has been proven to reduce the risk of a fatal single-vehicle crash by a remarkable 63 percent.†

SAFETY CAGE CONSTRUCTION
The exceptional structural integrity of Equinox is aided by nearly 100 percent use of high-strength steel in the frame's inner structure. The safety cage construction, in conjunction with side-door beams, helps prevent intrusions into the passenger compartment during a collision.

SIX AIR BAGS
Equinox is equipped with six standard air bags* including standard front-to-rear, head curtain side-impact air bags which feature sensors that cause the air bags to deploy when an impending rollover is detected.

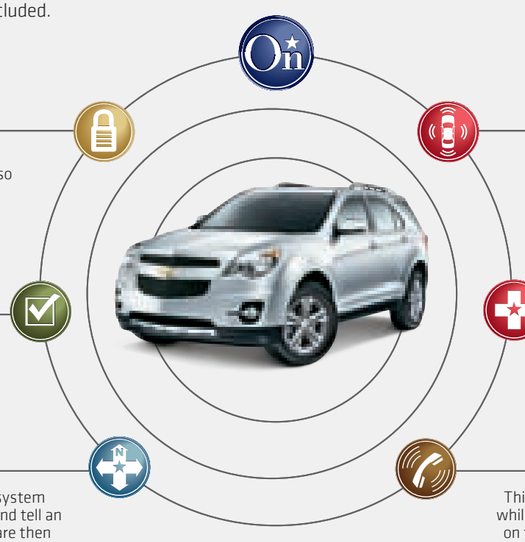
REARVIEW CAMERA SYSTEM
The available rearview camera system assists you when you're in reverse. This is a great feature to have when you are parking. The display appears either on the interior rear-view mirror or, if your Equinox is equipped with the available Navigation System, on the system's screen.

ULTRASONIC REAR PARKING ASSIST
When in Reverse, the ultrasonic rear parking assist detects obstacles in your path. The system then activates an audible warning. Standard on LTZ and available on 2LT models.

† According to information published by the U.S. Department of Transportation's National Highway Traffic Safety Administration, July 2007.

ONSTAR

OnStar† and six months of the Directions & Connections Plan are standard on all Equinox models. Take a look at the range of safety, security, information and communications features that are included.



Security Services
If your vehicle is stolen, OnStar's GPS technology helps police locate it. OnStar also includes remote door unlock, plus remote horn and light services.

Vehicle Diagnostics
You can receive monthly emails updating the status of your vehicle's key operating systems.

Turn-by-Turn Navigation
It's the simplest and smartest navigation system available. Simply push the OnStar button and tell an Advisor where you are going. Instructions are then downloaded to your vehicle, giving you turn-by-turn directions to your destination.

Automatic Crash Response
The moment OnStar's sensors detect a collision, they automatically alert OnStar requesting help – even if you are unable to do so. An Advisor then directs emergency help to your exact GPS location.

Emergency Services
A priority connection is used to get help sent to you as quickly as possible.

Hands-Free Calling
This feature enables you to make and receive calls, while keeping your eyes on the road and your hands on the steering wheel. It's not only safer and more convenient, it's also the law in many Canadian provinces.

† Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency providers.

CONNECTED. ENTERTAINED.

Equinox opens up a whole range of possibilities, both in terms of where it can take you and your experience along the way. While Equinox can take you far from the beaten path, it helps you stay in very close touch with an array of communications and information technology – including an available touch-screen DVD-based navigation system* and Bluetooth® cellphone connectivity. Your enjoyment and that of your passengers is enhanced by a series of entertainment features including an available USB port in the centre console.

BLUETOOTH
Bluetooth hands-free wireless connectivity enables you to make, answer and end calls on compatible mobile phones, using available steering wheel-mounted controls. Standard on 2LT and LTZ, available on LS and 1LT.

USB PORT
A USB port enables you to operate an MP3 player and access music on a flash drive. Standard on 2LT and LTZ, available on 1LT.

PIONEER 8-SPEAKER SOUND SYSTEM
The 250-watt Pioneer® 8-speaker sound system includes a subwoofer. Standard on 2LT and LTZ, available on 1LT.

XM SATELLITE RADIO™**
You can choose from up to 130 channels of XM Satellite Radio. It's already enjoyed by more than 9 million subscribers – it's standard on 2LT and LTZ models and is available on 1LT. It includes everything from a vast range of musical genres, to news, talk, comedy and sports channels – including more than 1000 NHL games.

* At time of printing, detailed map coverage is available for most major urban areas of the United States and certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is limited outside these areas.

** Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit xmradio.ca for details.

EQUINOX MODEL OVERVIEW

EQUINOX LS FWD/AWD

Equinox LS models include these features:

- 182 hp 2.4L ECOTEC 4-cylinder engine with Direct Injection and Variable Valve Timing (VVT)
- GM Oil Life Monitoring System
- 6-speed automatic transmission
- 4-wheel disc brakes with ABS, Panic Brake Assist and Hill Start Assist
- StabiliTrak electronic stability control system
- Traction control
- 4-wheel independent suspension
- 17-in. painted aluminum wheels
- Power exterior mirrors
- Remote keyless entry system
- Content theft alarm
- Six air bags
- Power rear door child-security locks
- Driver Information Centre
- Air conditioning with air filtration system
- Ambient lighting on centre stack, cupholders and centre console
- Power windows and door locks
- Tilt and telescoping steering column
- Cruise control
- Reclining front bucket seats with front centre console and armrest
- 4-way driver seat with manual fore/aft, power up/down and power lumbar adjuster
- 60/40 split-folding Multi-Flex rear seat with ability to slide 200 mm (7.9-in.) fore/aft and 3-position recline
- 6-speaker 80-watt sound system with CD player, MP3 playback and auxiliary audio input jack
- Exterior temperature display
- OnStar with 6 months of the Directions and Connections Plan with Turn-by-Turn Navigation.*

EQUINOX 1LT FWD/AWD

Equinox 1LT enhances LS features with:

- Halogen front fog lights
- Heated, power exterior mirrors, body-colour
- Deep-tinted glass behind front doors
- Charcoal roof rack side rails
- Automatic climate control with air filtration system
- Ambient lighting on instrument panel
- Compass
- Premium cloth seating
- Carpeted floor mats.

EQUINOX 2LT FWD/AWD

Equinox 2LT enhances 1LT features with:

- Remote vehicle starter system
- Rearview camera system
- Tire pressure monitoring system
- Power 8-way driver seat adjuster
- Heated front bucket seats
- Leather-wrapped steering wheel with sound system controls
- Auto-dimming interior rear-view mirror
- 8-speaker 250-watt premium Pioneer sound system with subwoofer
- XM Satellite Radio**
- USB port
- Bluetooth connectivity.

EQUINOX LTZ FWD/AWD

Equinox LTZ enhances 2LT features with:

- Halogen projector-style headlights
- Chrome door handles
- Chrome exterior mirror caps
- Chrome front and rear skid plates
- Chrome roof rack side rail accents
- Roof rack crossbars
- Programmable power rear liftgate
- Ultrasonic rear parking assist
- Perforated leather-appointed seating surfaces
- Ambient lighting on interior door handles and door storage pockets
- Memory setting for driver seat and exterior rear-view mirrors
- Cargo net
- Rear cargo compartment security shade.

* Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions.

** Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit xmradio.ca for details.

PUT EVEN MORE OF YOURSELF INTO EQUINOX.

It's your vehicle – so why not personalize it to reflect who you are and what you want from your Equinox by adding Chevrolet Accessories? They are the only accessories that were created as part of Equinox's development process. That ensures they offer the same quality of fit, finish and function as the rest of your vehicle. They are backed by the 3-year/60,000 km New Vehicle Limited Warranty* and can be included in your finance agreement. Ask your dealer for a complete list of the Chevrolet Accessories available for Equinox, or visit gm.ca

* Whichever comes first, when permanently installed by the dealer at the time you purchased your new vehicle, or for the remainder of the New Vehicle Limited Warranty if installed after the time of your vehicle purchase, but no less than 12 months.

Chevrolet Accessories available for Equinox include:

- Moulded hood protector
- Premium all-weather floor mats
- Chrome door handles
- Moulded splash guards
- Chrome fuel door
- 19-in. chrome wheels
- Cargo area organizer
- Removable roof rack
- Rear fascia protector
- Roof rack cross bars
- Trailer hitch
- Side-window weather deflectors.

WARRANTY

IT ISN'T FINE PRINT – IT'S A COMMITMENT.

Chevrolet builds its cars and trucks for the way you use them and drive them. But that's only step one. Every Chevrolet is also built to continue to live up to the highest standards, year after year. You can take added peace of mind in knowing that every Chevrolet is also backed by the best coverage in Canada:

- 3-year/60,000 km New Vehicle Limited Warranty*
- 5-year/160,000 km Powertrain Component Limited Warranty, with $0 deductible on repairs and the warranty is fully transferable at no charge*
- 5-year/160,000 km Courtesy Transportation*
- 5-year/160,000 km 24/7 Roadside Assistance*
- 6-year/160,000 km rust-through perforation coverage*
- 8-year/130,000 km coverage on catalytic converters and powertrain control modules (PCMs)*.

* Whichever comes first. Conditions and limitations apply, see dealer for details.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:**

- **GM Protection Plan (GMPP)** – the only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

** Conditions and limitations apply.

TO HELP YOU PURCHASE A NEW VEHICLE:

- **Purchase Financing** – on the spot financing at your GM dealership†
- **GM Student Bonus Program** – students or recent graduates of high school, college or university** may be entitled to receive a Student Bonus vehicle redemption allowance of $500 or $750†† (tax inclusive) (purchased vehicle dependant) to use towards the purchase, lease or finance of one eligible new Chevrolet.
- **The GM Card** – GM cardholders may redeem up to $3500 on GM Card® Earnings (subject to Vehicle Redemption Allowances) toward the Total Purchase Price on eligible new GM vehicles††. For full program details please visit thegmcard.ca

† Subject to eligibility. †† Program subject to change. ** Conditions and limitations apply.

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM website at **gm.ca**
- The GM Customer Communication Marketing Centre at **1-800-GM-DRIVE** (**1-800-463-7483** or **1-800-263-3830** for TDD users).

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM Canada website, Chevrolet, the Chevrolet emblem, Equinox and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as ECOTEC, Multi-Flex and StabiliTrak are trademarks of General Motors and/or General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

OnStar and the OnStar emblem are registered trademarks of the OnStar Corporation.

Radio Data System (RDS) is a registered trademark of the U.S. National Association of Broadcasters.

The XM name and related logos are trademarks of XM Canada, Canadian Satellite Radio Inc.

Pioneer is a registered trademark of Pioneer Electronics of Canada, Inc.

Bluetooth is a registered trademark of Bluetooth SIG Inc.
